But what if I told you that birds can teach us more than just how to fly? What if they could teach us about courage, resilience, and hope?

In her new book, *Brave Birds: Inspiration on the Wing*, author Sarah Ellis shares the stories of twelve remarkable birds that have overcome incredible challenges.

There's the story of Phoenix, a bald eagle who was born with a deformed beak. Despite her disability, Phoenix learned to hunt and fly, and she even became a symbol of hope for other injured birds.

Then there's the story of Spirit, a hummingbird who was born with a heart defect. Spirit was so small and fragile that many people didn't think she would survive. But Spirit defied the odds and lived a long and happy life.

These are just two of the many inspiring stories that you'll find in *Brave Birds: Inspiration on the Wing*. Each story is accompanied by beautiful photographs and insightful commentary from Ellis.

Whether you're a bird lover or not, you'll find something to love in this book. *Brave Birds* is a celebration of the power of hope and the resilience of the human spirit.
