About the Book

My Rugby Journey is the inspiring story of Semwami Rugby Journey, a young man who overcame incredible adversity to become a successful rugby player.

Semwami was born in a small village in Uganda. He grew up in poverty, and his family often struggled to put food on the table. Despite these challenges, Semwami had a passion for rugby. He would often play the game with his friends, using a makeshift ball made from old rags.

When Semwami was 15 years old, he was discovered by a local rugby coach. The coach saw Semwami's potential, and he invited him to join his team. Semwami quickly became one of the best players on the team, and he helped them win several championships.

In 2015, Semwami was selected to play for the Ugandan national rugby team. He was the first player from his village to ever play for the national team. Semwami played in several international matches, and he helped Uganda qualify for the 2019 Rugby World Cup.

Semwami's story is an inspiration to anyone who has ever faced adversity. It shows that anything is possible if you have the determination and the passion to achieve your dreams.
